

# State Advisory Council Trauma Subcommittee

WebEx Meeting <https://slhs.webex.com/meet/pjackson>

November 28, 2023

10:00 AM

## I. Introductions

## II. Update from the State – none available

## III. Trauma Education

- a. Upcoming education was put in the chat for all to see.
  - i. Tucker Redfern Pediatric Trauma Conference at Mercy Springfield March 1, 2024

## IV. Injury Prevention Project / Performance Improvement

- a. After discussion about the TQIP Collaborative that could be done through the ACS it was decided to not proceed. The possibility will be open to pursue this option at a later time.
- b. Link for more information regarding TQIP Collaboratives <https://www.facs.org/quality-programs/trauma/quality/trauma-quality-improvement-program/tqip-collaboratives/>

## V. Around the Room

- There was discussion about issues with uploading data to the state. Multiple people said their center was unable to upload. Several people have called or emailed the state and some have had communication not to attempt to upload. Several commented that it would be helpful if the information about the problem would be put on the TCD website or if an email would be sent out to all to say not to upload.
  - Follow up: Pam emailed Nicole and Peggy requesting the communication about uploading their data. Peggy called and talked with Pam and said it was on two different areas on the state upload website. Peggy said she would clarify it on that site. Below is what you will see when you try to upload your data.

You are logged in. Welcome, Pam Jackson

Missouri Patient Registry Updates

Sunday, October 1, 2023 - Trauma Import - Login

**ATTN: ALL ESO TRAUMA REGISTRY USERS**

**ESO issued an update to your hospitals software in July 2023. Please insure your ITSD had updated your software.**

**Even if your facility has applied the update please do not attempt to upload your files until all of the issues have been resolved.**

Please do not attempt to import your data until your hospital is notified via email all of the issues have been resolved.

You will not be considered late and we will notify the trauma program managers when the issue has been resolved. Share this information with your trauma registrar team. Please DO NOT contact ImageTrend as they are aware of the issue.

\*\*\*Please note this message does not pertain to hospitals that manually enter data.
